

LATHANOL® LAL COARSE

Version
1.1Revision Date:
05/16/2025Date of last issue: 10/04/2023
Date of first issue: 10/04/2023

SECTION 1. IDENTIFICATION

Product name : LATHANOL® LAL COARSE

Product code : 1050631

Manufacturer or supplier's details

Company name of supplier : STEPAN US

Address : 1101 Skokie Blvd, Suite 500
Northbrook IL 60062

Telephone : (847) 446-7500

Emergency telephone	Medical	1-800-228-5635 (Available 24 hours a day. SDS/Product information may not be available for the emergency service.)
	Chemtrec	1-800-424-9300
	Chemtrec Int'l	1-703-527-3887

Recommended use of the chemical and restrictions on use

Recommended use : Surfactant

Restrictions on use : For industrial use only.

SECTION 2. HAZARDS IDENTIFICATION

GHS classification in accordance with the OSHA Hazard Communication Standard (29 CFR 1910.1200)

Combustible dust

Serious eye damage : Category 1

Short-term (acute) aquatic hazard : Category 2

Long-term (chronic) aquatic hazard : Category 3

GHS label elements

Hazard pictograms :

Signal Word : Danger

Hazard Statements : May form combustible dust concentrations in air.

LATHANOL® LAL COARSE

Version 1.1
Revision Date: 05/16/2025

Date of last issue: 10/04/2023
Date of first issue: 10/04/2023

H318 Causes serious eye damage.
H401 Toxic to aquatic life.
H412 Harmful to aquatic life with long lasting effects.

Precautionary Statements

:

Prevention:

P273 Avoid release to the environment.
P280 Wear eye protection/ face protection.

Response:

P305 + P351 + P338 + P310 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/ doctor.

Disposal:

P501 Dispose of contents/ container to an approved waste disposal plant.

Other hazards

None known.

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS**Components**

Chemical name	CAS-No.	Concentration (% w/w)
sodium 2-(dodecyloxy)-2-oxoethane-1-sulphonate	1847-58-1	65 - 72
sodium sulphate	7757-82-6	10 - 18
sodium chloride	7647-14-5	5 - 18

SECTION 4. FIRST AID MEASURES

- General advice : Immediate medical attention is required.
Show this material safety data sheet to the doctor in attendance.
- If inhaled : Remove person to fresh air. If signs/symptoms continue, get medical attention.
- In case of skin contact : Remove contaminated clothing and shoes.
Wash off with soap and water.
Get medical attention if irritation develops and persists.
Wash contaminated clothing before reuse.
- In case of eye contact : In case of eye contact, remove contact lens and rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes.
Continue rinsing.
Get medical attention immediately.
- If swallowed : Rinse mouth.
Call a POISON CENTER or doctor/physician if you feel unwell.

LATHANOL® LAL COARSE

Version
1.1Revision Date:
05/16/2025Date of last issue: 10/04/2023
Date of first issue: 10/04/2023

Most important symptoms and effects, both acute and delayed : Causes serious eye damage.

SECTION 5. FIRE-FIGHTING MEASURES

Suitable extinguishing media : Carbon dioxide, dry powder, foam.
Fog

Unsuitable extinguishing media : High pressure inert gas, e.g. carbon dioxide jet.
Water spray jet

Specific hazards during fire fighting : Avoid generating dust; fine dust dispersed in air in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard.
May form explosive mixtures in air.

Further information : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.
In the event of fire and/or explosion do not breathe fumes.

Special protective equipment for fire-fighters : Wear self-contained breathing apparatus for firefighting if necessary.

In the case of respirable dust and/or fumes, use self-contained breathing apparatus and dust impervious protective suit.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures : Use personal protective equipment.
Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area).
Do not touch damaged containers or spilled material unless wearing appropriate protective clothing.
Avoid dust formation.
Pick up and arrange disposal without creating dust.
Knock down dust with water spray jet.

Environmental precautions : Local authorities should be advised if significant spillages cannot be contained.
Prevent further leakage or spillage if safe to do so.
If the product contaminates rivers and lakes or drains inform respective authorities.

Methods and materials for containment and cleaning up : Use dust explosion-proof type electric equipment and lighting.
Electrically conductive containers must be grounded.

LATHANOL® LAL COARSE

Version
1.1

Revision Date:
05/16/2025

Date of last issue: 10/04/2023
Date of first issue: 10/04/2023

Non-sparking tools should be used.
Avoid dispersal of dust in the air (i.e., clearing dust surfaces with compressed air).
Pick up and arrange disposal without creating dust.
Sweep up and shovel.
Keep in suitable, closed containers for disposal.

SECTION 7. HANDLING AND STORAGE

- Technical measures : Take precautionary measures against static discharges when there is a risk of dust explosion.
Ensure that eyewash stations and safety showers are close to the workstation location.
- Advice on protection against fire and explosion : Provide appropriate exhaust ventilation at machinery and at places where dust can be generated.
During processing, dust may form explosive mixture in air.
Fine dust dispersed in air may ignite.
Normal measures for preventive fire protection.
Avoid dust formation.
- Advice on safe handling : Wear personal protective equipment.
For personal protection see section 8.
Provide sufficient air exchange and/or exhaust in work rooms.
As a rule, at least 10 air changes per hour are recommended at the workplace.
Handle and open container with care.
Keep container closed when not in use.
Do not get in eyes or mouth or on skin.
Do not swallow.
Do not breathe dust, fume, gas, mist, vapors or spray.
Avoid creating dust.
Dust must be collected and disposed of carefully.
Minimize dust generation and accumulation.
Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
Use explosion-proof electrical, ventilating and lighting equipment.
Provide for appropriate exhaust ventilation and dust collection at machinery.
Routine housekeeping should be instituted to ensure that dusts do not accumulate on surfaces.
Avoid spark promoters. Ground/bond container and equipment. These alone may be insufficient to remove static electricity.
Do not use sparking tools.
Wash skin thoroughly after handling.
Do not eat, drink or smoke when using this product.
- Conditions for safe storage : Keep in properly labeled containers.
Store in original container.
Keep tightly closed.
Store locked up.
Keep cool. Protect from sunlight.

LATHANOL® LAL COARSE

Version
1.1Revision Date:
05/16/2025Date of last issue: 10/04/2023
Date of first issue: 10/04/2023

Keep away from sources of ignition - No smoking.
Keep in an area equipped with sprinklers.
Take measures to prevent the build up of electrostatic charge.

Materials to avoid : Store away from incompatible materials (see Section 10 of the SDS).

Further information on storage stability : No decomposition if stored and applied as directed.

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION**Ingredients with workplace control parameters**

Contains no substances with occupational exposure limit values.

Engineering measures : Dust formation may be relevant in the processing of this product. In addition to substance-specific OELs, general limitations of concentrations of particulates in the air at workplaces have to be considered in workplace risk assessment. Relevant limits include: OSHA PEL for Particulates Not Otherwise Regulated of 15 mg/m³ - total dust, 5 mg/m³ - respirable fraction; and ACGIH TWA for Particles (insoluble or poorly soluble) Not Otherwise Specified of 3 mg/m³ - respirable particles, 10 mg/m³ - inhalable particles.
Ensure that dust-handling systems (such as exhaust ducts, dust collectors, vessels, and processing equipment) are designed in a manner to prevent the escape of dust into the work area (i.e., there is no leakage from the equipment).

Personal protective equipment

Respiratory protection : In case of insufficient ventilation, wear suitable respiratory equipment.
General and local exhaust ventilation is recommended to maintain vapor exposures below recommended limits. Where concentrations are above recommended limits or are unknown, appropriate respiratory protection should be worn. Follow OSHA respirator regulations (29 CFR 1910.134) and use NIOSH/MSHA approved respirators. Protection provided by air purifying respirators against exposure to any hazardous chemical is limited. Use a positive pressure air supplied respirator if there is any potential for uncontrolled release, exposure levels are unknown, or any other circumstance where air purifying respirators may not provide adequate protection.

Hand protection

Remarks : Protective gloves The suitability for a specific workplace should be discussed with the producers of the protective gloves.

Eye protection : Tightly fitting safety goggles

LATHANOL® LAL COARSE

Version
1.1Revision Date:
05/16/2025Date of last issue: 10/04/2023
Date of first issue: 10/04/2023

	Face-shield
Skin and body protection	: Lightweight protective clothing Choose body protection in relation to its type, to the concentration and amount of dangerous substances, and to the specific work-place.
Protective measures	: Personal protective equipment comprising: suitable protective gloves, safety goggles and protective clothing
Hygiene measures	: Do not taste or swallow. General industrial hygiene practice. Remove and wash contaminated clothing and gloves, including the inside, before re-use. Wash hands before breaks and immediately after handling the product.

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	: Free-flowing powder
Color	: white
pH	: 5.5 - 7.5 (68 °F / 20 °C) Concentration: 50 g/l
Flammability (solid, gas)	: May form combustible dust concentrations in air.
Self-ignition	: 698 °F / 370 °C Autoignition temperature
Upper explosion limit / Upper flammability limit	: (6900 hPa)
Lower explosion limit / Lower flammability limit	: Lower explosion limit 89,000 mg/m3 Limiting Oxygen Concentration 16.2 %(V)
Relative density	: 1.314 (68 °F / 20 °C)
Dust deflagration index (Kst)	: 89 m.b_/s
Minimum ignition energy	: >= 1,000 mJ
Particle characteristics Particle size	: 0.227 mm

SECTION 10. STABILITY AND REACTIVITY

LATHANOL® LAL COARSE

Version
1.1Revision Date:
05/16/2025Date of last issue: 10/04/2023
Date of first issue: 10/04/2023

Reactivity	:	Stable under recommended storage conditions.
Chemical stability	:	Stable under normal conditions.
Possibility of hazardous reactions	:	Stable under recommended storage conditions.
Conditions to avoid	:	Incompatible materials Temperatures greater than recommended storage temperature. Heat, flames and sparks.
Incompatible materials	:	Strong oxidizing agents

SECTION 11. TOXICOLOGICAL INFORMATION

Acute toxicity

Based on available data, the classification criteria are not met.

Product:

Acute oral toxicity	:	LD50: > 2,000 mg/kg Assessment: The component/mixture is minimally toxic after single ingestion.
Acute inhalation toxicity	:	Assessment: The substance or mixture has no acute inhalation toxicity
Acute dermal toxicity	:	LD50 (Rabbit): > 2,000 mg/kg Assessment: The component/mixture is minimally toxic after single contact with skin.

Skin corrosion/irritation

Based on available data, the classification criteria are not met.

Product:

Result	:	No skin irritation
--------	---	--------------------

Serious eye damage/eye irritation

Causes serious eye damage.

Product:

Result	:	Corrosive
--------	---	-----------

Respiratory or skin sensitization**Skin sensitization**

Based on available data, the classification criteria are not met.

Respiratory sensitization

Based on available data, the classification criteria are not met.

LATHANOL® LAL COARSE

Version
1.1Revision Date:
05/16/2025Date of last issue: 10/04/2023
Date of first issue: 10/04/2023

Product:

Result : Not sensitising

Germ cell mutagenicity

Based on available data, the classification criteria are not met.

Product:

Germ cell mutagenicity - Assessment : Weight of evidence does not support classification as a germ cell mutagen.

Carcinogenicity

Based on available data, the classification criteria are not met.

Product:

Carcinogenicity - Assessment : Not classifiable as a human carcinogen.

IARC

No ingredient of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

OSHA

No component of this product present at levels greater than or equal to 0.1% is on OSHA's list of regulated carcinogens.

NTP

No ingredient of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

Reproductive toxicity

Not classified due to lack of data.

Product:

Reproductive toxicity - Assessment : No toxicity to reproduction

STOT-single exposure

Based on available data, the classification criteria are not met.

Product:

Assessment : The substance or mixture is not classified as specific target organ toxicant, single exposure.

STOT-repeated exposure

Based on available data, the classification criteria are not met.

Product:

Assessment : The substance or mixture is not classified as specific target organ toxicant, repeated exposure.

Repeated dose toxicity**Product:**

Remarks : No data available

LATHANOL® LAL COARSE

Date of last issue: 10/04/2023
Date of first issue: 10/04/2023

No aspiration toxicity classification

Ozone-Depletion Potential	: Regulation: 40 CFR Protection of Environment; Part 82 Protection of Stratospheric Ozone - CAA Section 602 Class I Substances Remarks: This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B).

Date of last issue: 10/04/2023
Date of first issue: 10/04/2023

SECTION 13. DISPOSAL CONSIDERATIONS**Disposal methods**

Waste from residues : Dispose of contents/ container to an approved waste disposal plant.

The hazard and precautionary statements displayed on the label also apply to any residues left in the container.

Contaminated packaging : Empty containers should be taken to an approved waste handling site for recycling or disposal.

SECTION 14. TRANSPORT INFORMATION**International Regulations****UNRTDG**

Not regulated as a dangerous good

IATA-DGR

Not regulated as a dangerous good

IMDG-Code

Not regulated as a dangerous good

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

Domestic regulation**49 CFR**

Not regulated as a dangerous good

Special precautions for user

Not applicable

SECTION 15. REGULATORY INFORMATION**CERCLA Reportable Quantity**

This material does not contain any components with a CERCLA RQ.

SARA 304 Extremely Hazardous Substances Reportable Quantity

This material does not contain any components with a section 304 EHS RQ.

SARA 302 Extremely Hazardous Substances Threshold Planning Quantity

This material does not contain any components with a section 302 EHS TPQ.

SARA 311/312 Hazards

: Combustible dust
Serious eye damage or eye irritation

SARA 313

: This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

Clean Air Act

This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B).

This product does not contain any hazardous air pollutants (HAP), as defined by the U.S. Clean Air Act Section 112 (40 CFR 61).

This product does not contain any chemicals listed under the U.S. Clean Air Act Section 112(r) for Accidental Release Prevention (40 CFR 68.130, Subpart F).

This product does not contain any chemicals listed under the U.S. Clean Air Act Section 111 SOCM Intermediate or Final VOC's (40 CFR 60.489).

Clean Water Act

This product does not contain any Hazardous Substances listed under the U.S. CleanWater Act, Section 311, Table 116.4A.

This product does not contain any Hazardous Chemicals listed under the U.S. CleanWater Act, Section 311, Table 117.3.

This product does not contain any toxic pollutants listed under the U.S. Clean Water Act Section 307

This product does not contain any priority pollutants related to the U.S. Clean Water Act

The ingredients of this product are reported in the following inventories:

TSCA	: On the inventory, or in compliance with the inventory
AIIC	: On the inventory, or in compliance with the inventory
DSL	: On the inventory, or in compliance with the inventory
IECSC	: Not in compliance with the inventory
ENCS	: On the inventory, or in compliance with the inventory
ISHL	: Not in compliance with the inventory
NZIoC	: Not in compliance with the inventory
PICCS	: Not in compliance with the inventory
TCSI	: Not in compliance with the inventory
