

# SAFETY DATA SHEET

THE DOW CHEMICAL COMPANY

**Product name:** DOWSIL™ CE-7081 Smart Style

**Issue Date:** 10/01/2024

**Print Date:** 10/02/2024

THE DOW CHEMICAL COMPANY encourages and expects you to read and understand the entire (M)SDS, as there is important information throughout the document. We expect you to follow the precautions identified in this document unless your use conditions would necessitate other appropriate methods or actions.

---

## 1. IDENTIFICATION

---

**Product name:** DOWSIL™ CE-7081 Smart Style

**Recommended use of the chemical and restrictions on use**

**Identified uses:** Cosmetics

### COMPANY IDENTIFICATION

THE DOW CHEMICAL COMPANY  
2211 H.H. DOW WAY  
MIDLAND MI 48674  
UNITED STATES

**Customer Information Number:**

800-258-2436  
SDSQuestion@dow.com

### EMERGENCY TELEPHONE NUMBER

**24-Hour Emergency Contact:** CHEMTREC +1 800-424-9300

**Local Emergency Contact:** 800-424-9300

---

## 2. HAZARDS IDENTIFICATION

---

### Hazard classification

GHS classification in accordance with the OSHA Hazard Communication Standard (29 CFR 1910.1200)

Serious eye damage - Category 1

### Label elements

**Hazard pictograms**

**Signal word:** DANGER!

**Hazards**

H318 Causes serious eye damage.

**Precautionary statements**

P280 Wear eye protection and/or face protection.

**Response**

P305 + P351 + P338 + P310 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER and/or doctor.

**Other hazards**

No data available

---

**3. COMPOSITION/INFORMATION ON INGREDIENTS**

---

**Chemical nature:** Silicone emulsion

This product is a mixture.

| Component                                                                       | CASRN       | Concentration     |
|---------------------------------------------------------------------------------|-------------|-------------------|
| Poly(oxy-1,2-ethanediyl), .alpha.-undecyl-.omega.-hydroxy-, branched and linear | 127036-24-2 | >= 6.0 - <= 9.0 % |
| Alpha-undecyl-omega-hydroxypoly(oxy-1,2-ethanediyl), branched and linear        | 127036-24-2 | >= 2.5 - <= 3.7 % |
| Propane-1,2-diol                                                                | 57-55-6     | >= 2.0 - <= 3.0 % |

---

**4. FIRST AID MEASURES**

---

**Description of first aid measures****General advice:**

First Aid responders should pay attention to self-protection and use the recommended protective clothing (chemical resistant gloves, splash protection). If potential for exposure exists refer to Section 8 for specific personal protective equipment.

**Inhalation:** Move person to fresh air and keep comfortable for breathing; consult a physician.

**Skin contact:** Remove material from skin immediately by washing with soap and plenty of water. Remove contaminated clothing and shoes while washing. Seek medical attention if irritation or rash occurs. Wash clothing before reuse. Discard items which cannot be decontaminated, including leather articles such as shoes, belts and watchbands. Suitable emergency safety shower facility should be available in work area.

**Eye contact:** Wash immediately and continuously with flowing water for at least 30 minutes. Remove contact lenses after the first 5 minutes and continue washing. Obtain prompt medical consultation,

preferably from an ophthalmologist. Suitable emergency eye wash facility should be immediately available.

**Ingestion:** Rinse mouth with water. No emergency medical treatment necessary.

**Most important symptoms and effects, both acute and delayed:**

Causes serious eye damage.

**Indication of any immediate medical attention and special treatment needed**

**Notes to physician:** Chemical eye burns may require extended irrigation. Obtain prompt consultation, preferably from an ophthalmologist. No specific antidote. Treatment of exposure should be directed at the control of symptoms and the clinical condition of the patient.

---

## 5. FIREFIGHTING MEASURES

---

### Extinguishing media

**Suitable extinguishing media:** Alcohol-resistant foam. Carbon dioxide (CO<sub>2</sub>). Dry chemical. Water spray.

**Unsuitable extinguishing media:** None known..

### Special hazards arising from the substance or mixture

**Hazardous combustion products:** Silicon oxides. Chlorine compounds. Nitrogen oxides (NO<sub>x</sub>). Carbon oxides.

**Unusual Fire and Explosion Hazards:** Exposure to combustion products may be a hazard to health..

### Advice for firefighters

**Fire Fighting Procedures:** Use water spray to cool unopened containers.. Evacuate area.. Collect contaminated fire extinguishing water separately. This must not be discharged into drains.. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations.. Contain fire water run-off if possible. Fire water run-off, if not contained, may cause environmental damage..

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Use water spray to cool unopened containers. Remove undamaged containers from fire area if it is safe to do so. Evacuate area. Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Remove undamaged containers from fire area if it is safe to do so.

**Special protective equipment for firefighters:** In the event of fire, wear self-contained breathing apparatus.. Use personal protective equipment..

---

## 6. ACCIDENTAL RELEASE MEASURES

---

**Personal precautions, protective equipment and emergency procedures:** Use personal protective equipment. Follow safe handling advice and personal protective equipment recommendations.

**Environmental precautions:** Do not release the product to the aquatic environment above defined regulatory levels. Prevent further leakage or spillage if safe to do so. Prevent spreading over a wide area (e.g. by containment or oil barriers). Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained.

**Methods and materials for containment and cleaning up:** Soak up with inert absorbent material. Clean up remaining materials from spill with suitable absorbent. Local or national regulations may apply to releases and disposal of this material, as well as those materials and items employed in the cleanup of releases. You will need to determine which regulations are applicable. For large spills, provide dyking or other appropriate containment to keep material from spreading. If dyked material can be pumped, store recovered material in appropriate container. See sections: 7, 8, 11, 12 and 13.

---

## 7. HANDLING AND STORAGE

---

**Precautions for safe handling:** Do not get on skin or clothing. Avoid inhalation of vapour or mist. Do not swallow. Do not get in eyes. Keep container tightly closed. Take care to prevent spills, waste and minimize release to the environment. Handle in accordance with good industrial hygiene and safety practice. CONTAINERS MAY BE HAZARDOUS WHEN EMPTY. Since emptied containers retain product residue follow all (M)SDS and label warnings even after container is emptied. Use only with adequate ventilation. See Engineering measures under EXPOSURE CONTROLS/PERSONAL PROTECTION section.

**Conditions for safe storage:** Keep in properly labelled containers. Keep tightly closed. Store in accordance with the particular national regulations.

Do not store with the following product types: Strong oxidizing agents.  
Unsuitable materials for containers: None known.

---

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

---

### Control parameters

If exposure limits exist, they are listed below. If no exposure limits are displayed, then no values are applicable.

| Component        | Regulation | Type of listing | Value                |
|------------------|------------|-----------------|----------------------|
| Propane-1,2-diol | US WEEL    | TWA             | 10 mg/m <sup>3</sup> |

### Exposure controls

**Engineering controls:** Use local exhaust ventilation, or other engineering controls to maintain airborne levels below exposure limit requirements or guidelines. If there are no applicable exposure limit requirements or guidelines, general ventilation should be sufficient for most operations. Local exhaust ventilation may be necessary for some operations.

### Individual protection measures

**Eye/face protection:** Use chemical goggles.

#### Skin protection

**Hand protection:** Use gloves chemically resistant to this material. Examples of preferred glove barrier materials include: Butyl rubber. Ethyl vinyl alcohol laminate ("EVAL"). Examples of acceptable glove barrier materials include: Neoprene. Nitrile/butadiene rubber ("nitrile" or "NBR"). Polyvinyl chloride ("PVC" or "vinyl").

NOTICE: The selection of a specific glove for a particular application and duration of

use in a workplace should also take into account all relevant workplace factors such as, but not limited to: Other chemicals which may be handled, physical requirements (cut/puncture protection, dexterity, thermal protection), potential body reactions to glove materials, as well as the instructions/specifications provided by the glove supplier.

**Other protection:** Use protective clothing chemically resistant to this material. Selection of specific items such as face shield, boots, apron, or full body suit will depend on the task.

**Respiratory protection:** Respiratory protection should be worn when there is a potential to exceed the exposure limit requirements or guidelines. If there are no applicable exposure limit requirements or guidelines, wear respiratory protection when adverse effects, such as respiratory irritation or discomfort have been experienced, or where indicated by your risk assessment process. For most conditions no respiratory protection should be needed; however, if discomfort is experienced, use an approved air-purifying respirator. The following should be effective types of air-purifying respirators: Organic vapor cartridge with a particulate pre-filter.

---

## 9. PHYSICAL AND CHEMICAL PROPERTIES

---

### Appearance

|                                        |                                          |
|----------------------------------------|------------------------------------------|
| Physical state                         | liquid                                   |
| Color                                  | light blue                               |
| Odor                                   | characteristic                           |
| Odor Threshold                         | No data available                        |
| pH                                     | 5 - 6.5                                  |
| Melting point/ range                   | No data available                        |
| Freezing point                         | No data available                        |
| Boiling point (760 mmHg)               | > 35 °C ( > 95 °F)                       |
| Flash point                            | <b>Seta closed cup</b> >100 °C ( 212 °F) |
| Evaporation Rate (Butyl Acetate = 1)   | No data available                        |
| Flammability (solid, gas)              | Not applicable                           |
| Lower explosion limit                  | No data available                        |
| Upper explosion limit                  | No data available                        |
| Vapor Pressure                         | No data available                        |
| Relative Vapor Density (air = 1)       | No data available                        |
| Relative Density (water = 1)           | 1.01                                     |
| Water solubility                       | No data available                        |
| Partition coefficient: n-octanol/water | No data available                        |
| Auto-ignition temperature              | No data available                        |
| Decomposition temperature              | No data available                        |
| Dynamic Viscosity                      | 8.4 mPa.s                                |
| Kinematic Viscosity                    | No data available                        |
| Explosive properties                   | Not explosive                            |

|                             |                                                          |
|-----------------------------|----------------------------------------------------------|
| <b>Oxidizing properties</b> | The substance or mixture is not classified as oxidizing. |
| <b>Liquid Density</b>       | 1.01 g/cm3                                               |
| <b>Molecular weight</b>     | No data available                                        |
| <b>Particle size</b>        | Not applicable                                           |

NOTE: The physical data presented above are typical values and should not be construed as a specification.

---

## 10. STABILITY AND REACTIVITY

---

**Reactivity:** Not classified as a reactivity hazard.

**Chemical stability:** Stable under normal conditions.

**Possibility of hazardous reactions:** Can react with strong oxidizing agents.

**Conditions to avoid:** None known.

**Incompatible materials:** Avoid contact with oxidizing materials.

**Hazardous decomposition products:**

Decomposition products can include and are not limited to: Formaldehyde.

---

## 11. TOXICOLOGICAL INFORMATION

---

*Toxicological information appears in this section when such data are available.*

**Information on likely routes of exposure**

Inhalation, Eye contact, Skin contact, Ingestion.

**Acute toxicity (represents short term exposures with immediate effects - no chronic/delayed effects known unless otherwise noted)**

**Acute Toxicity Endpoints:**

Not classified based on available information.

**Acute oral toxicity**

**Information for the Product:**

Very low toxicity if swallowed. Harmful effects not anticipated from swallowing small amounts.

As product: Single dose oral LD50 has not been determined.

Based on information for component(s):

LD50, > 5,000 mg/kg Estimated.

**Information for components:**

Poly(oxy-1,2-ethanediyl), .alpha.-undecyl-.omega.-hydroxy-, branched and linear

LD50, Rat, 500 - 2,000 mg/kg

**Alpha-undecyl-omega-hydroxypoly(oxy-1,2-ethanediyl), branched and linear**

LD50, Rat, > 2,000 mg/kg

**Propane-1,2-diol**

LD50, Rat, > 20,000 mg/kg

**Acute dermal toxicity**

**Information for the Product:**

Prolonged skin contact is unlikely to result in absorption of harmful amounts.

As product: The dermal LD50 has not been determined.

Based on information for component(s):

LD50, > 2,000 mg/kg Estimated.

**Information for components:**

**Poly(oxy-1,2-ethanediyl), .alpha.-undecyl-.omega.-hydroxy-, branched and linear**

The dermal LD50 has not been determined.

**Alpha-undecyl-omega-hydroxypoly(oxy-1,2-ethanediyl), branched and linear**

The dermal LD50 has not been determined.

**Propane-1,2-diol**

LD50, Rabbit, > 2,000 mg/kg No deaths occurred at this concentration.

**Acute inhalation toxicity**

**Information for the Product:**

Brief exposure (minutes) is not likely to cause adverse effects.

As product: The LC50 has not been determined.

**Information for components:**

**Poly(oxy-1,2-ethanediyl), .alpha.-undecyl-.omega.-hydroxy-, branched and linear**

The LC50 has not been determined.

**Alpha-undecyl-omega-hydroxypoly(oxy-1,2-ethanediyl), branched and linear**

The LC50 has not been determined.

**Propane-1,2-diol**

LC50, Rabbit, 2 Hour, dust/mist, 317.042 mg/l No deaths occurred at this concentration.

**Skin corrosion/irritation**

Not classified based on available information.

**Information for the Product:**

Based on information for component(s):  
Brief contact may cause slight skin irritation with local redness.  
Repeated contact may cause flaking and softening of skin.

**Information for components:****Poly(oxy-1,2-ethanediyl), .alpha.-undecyl-omega-hydroxy-, branched and linear**

Brief contact may cause slight skin irritation with local redness.

**Alpha-undecyl-omega-hydroxypoly(oxy-1,2-ethanediyl), branched and linear**

Brief contact may cause slight skin irritation with local redness.

**Propane-1,2-diol**

Prolonged contact is essentially nonirritating to skin.  
Repeated contact may cause flaking and softening of skin.

**Serious eye damage/eye irritation**

Causes serious eye damage.

**Information for the Product:**

Based on information for component(s):  
May cause severe irritation with corneal injury which may result in permanent impairment of vision, even blindness. Chemical burns may occur.  
Mist may cause eye irritation.

**Information for components:****Poly(oxy-1,2-ethanediyl), .alpha.-undecyl-omega-hydroxy-, branched and linear**

May cause severe irritation with corneal injury which may result in permanent impairment of vision, even blindness. Chemical burns may occur.

**Alpha-undecyl-omega-hydroxypoly(oxy-1,2-ethanediyl), branched and linear**

May cause severe irritation with corneal injury which may result in permanent impairment of vision, even blindness. Chemical burns may occur.

**Propane-1,2-diol**

May cause slight temporary eye irritation.  
Corneal injury is unlikely.  
Mist may cause eye irritation.

**Sensitization****For skin sensitization:**

Not classified based on available information.

**For respiratory sensitization:**

Not classified based on available information.

**Information for the Product:**

For skin sensitization:

Contains component(s) which did not cause allergic skin sensitization in guinea pigs.

For respiratory sensitization:

No relevant data found.

**Information for components:**

**Poly(oxy-1,2-ethanediyl), .alpha.-undecyl-.omega.-hydroxy-, branched and linear**

Did not cause allergic skin reactions when tested in guinea pigs.

For respiratory sensitization:

No relevant data found.

**Alpha-undecyl-omega-hydroxypoly(oxy-1,2-ethanediyl), branched and linear**

Did not cause allergic skin reactions when tested in guinea pigs.

For respiratory sensitization:

No relevant data found.

**Propane-1,2-diol**

Did not cause allergic skin reactions when tested in humans.

For respiratory sensitization:

No relevant data found.

**Specific Target Organ Systemic Toxicity (Single Exposure)**

Not classified based on available information.

**Information for the Product:**

Product test data not available.

**Information for components:**

**Poly(oxy-1,2-ethanediyl), .alpha.-undecyl-.omega.-hydroxy-, branched and linear**

Available data are inadequate to determine single exposure specific target organ toxicity.

**Alpha-undecyl-omega-hydroxypoly(oxy-1,2-ethanediyl), branched and linear**

Available data are inadequate to determine single exposure specific target organ toxicity.

**Propane-1,2-diol**

Evaluation of available data suggests that this material is not an STOT-SE toxicant.

**Aspiration Hazard**

Not classified based on available information.

**Information for the Product:**

Based on physical properties, not likely to be an aspiration hazard.

**Information for components:**

**Poly(oxy-1,2-ethanediyl), .alpha.-undecyl.-omega.-hydroxy-, branched and linear**

Based on available information, aspiration hazard could not be determined.

**Alpha-undecyl-omega-hydroxypoly(oxy-1,2-ethanediyl), branched and linear**

Based on available information, aspiration hazard could not be determined.

**Propane-1,2-diol**

Based on physical properties, not likely to be an aspiration hazard.

**Chronic toxicity (represents longer term exposures with repeated dose resulting in chronic/delayed effects - no immediate effects known unless otherwise noted)**

**Specific Target Organ Systemic Toxicity (Repeated Exposure)**

Not classified based on available information.

**Information for the Product:**

Product test data not available.

**Information for components:**

**Poly(oxy-1,2-ethanediyl), .alpha.-undecyl.-omega.-hydroxy-, branched and linear**

No relevant data found.

**Alpha-undecyl-omega-hydroxypoly(oxy-1,2-ethanediyl), branched and linear**

No relevant data found.

**Propane-1,2-diol**

In rare cases, repeated excessive exposure to propylene glycol may cause central nervous system effects.

**Carcinogenicity**

Not classified based on available information.

**Information for the Product:**

Product test data not available.

**Information for components:**

**Poly(oxy-1,2-ethanediyl), .alpha.-undecyl.-omega.-hydroxy-, branched and linear**

No relevant data found.

**Alpha-undecyl-omega-hydroxypoly(oxy-1,2-ethanediyl), branched and linear**

No relevant data found.

**Propane-1,2-diol**

Did not cause cancer in laboratory animals.

**Teratogenicity**

Not classified based on available information.

**Information for the Product:**

Product test data not available.

**Information for components:**

**Poly(oxy-1,2-ethanediyl), .alpha.-undecyl-omega-hydroxy-, branched and linear**

No relevant data found.

**Alpha-undecyl-omega-hydroxypoly(oxy-1,2-ethanediyl), branched and linear**

No relevant data found.

**Propane-1,2-diol**

Did not cause birth defects or any other fetal effects in laboratory animals.

**Reproductive toxicity**

Not classified based on available information.

**Information for the Product:**

Product test data not available.

**Information for components:**

**Poly(oxy-1,2-ethanediyl), .alpha.-undecyl-omega-hydroxy-, branched and linear**

No relevant data found.

**Alpha-undecyl-omega-hydroxypoly(oxy-1,2-ethanediyl), branched and linear**

No relevant data found.

**Propane-1,2-diol**

In animal studies, did not interfere with reproduction. In animal studies, did not interfere with fertility.

**Mutagenicity**

Not classified based on available information.

**Information for the Product:**

Product test data not available.

**Information for components:**

**Poly(oxy-1,2-ethanediyl), .alpha.-undecyl-omega-hydroxy-, branched and linear**

In vitro genetic toxicity studies were negative.

**Alpha-undecyl-omega-hydroxypoly(oxy-1,2-ethanediyl), branched and linear**

In vitro genetic toxicity studies were negative.

**Propane-1,2-diol**

In vitro genetic toxicity studies were negative. Animal genetic toxicity studies were negative.

---

## 12. ECOLOGICAL INFORMATION

---

*Ecotoxicological information appears in this section when such data are available.*

### Toxicity

#### **Poly(oxy-1,2-ethanediyl), .alpha.-undecyl-.omega.-hydroxy-, branched and linear**

##### **Acute toxicity to fish**

Material is moderately toxic to aquatic organisms on an acute basis (LC50/EC50 between 1 and 10 mg/L in the most sensitive species tested).

LC50, Danio rerio (zebra fish), 96 Hour, 1 - 10 mg/l

##### **Toxicity to bacteria**

EC50, 3 Hour, 100 - 1,000 mg/l, OECD Test Guideline 209

#### **Alpha-undecyl-omega-hydroxypoly(oxy-1,2-ethanediyl), branched and linear**

##### **Acute toxicity to fish**

Material is moderately toxic to aquatic organisms on an acute basis (LC50/EC50 between 1 and 10 mg/L in the most sensitive species tested).

LC50, Danio rerio (zebra fish), 96 Hour, > 1 - 10 mg/l

##### **Toxicity to bacteria**

EC50, 3 Hour, 100 - 500 mg/l, OECD Test Guideline 209

#### **Propane-1,2-diol**

##### **Acute toxicity to fish**

Material is practically non-toxic to aquatic organisms on an acute basis (LC50/EC50/EL50/LL50 >100 mg/L in the most sensitive species tested).

LC50, Oncorhynchus mykiss (rainbow trout), static test, 96 Hour, 40,613 mg/l, OECD Test Guideline 203

##### **Acute toxicity to aquatic invertebrates**

LC50, Ceriodaphnia dubia (water flea), static test, 48 Hour, 18,340 mg/l, OECD Test Guideline 202

##### **Acute toxicity to algae/aquatic plants**

ErC50, Pseudokirchneriella subcapitata (green algae), 96 Hour, Growth rate inhibition, 19,000 mg/l, OECD Test Guideline 201

##### **Toxicity to bacteria**

NOEC, Pseudomonas putida, 18 Hour, > 20,000 mg/l

##### **Chronic toxicity to aquatic invertebrates**

NOEC, Ceriodaphnia dubia (water flea), semi-static test, 7 d, number of offspring, 13,020 mg/l

### Persistence and degradability

#### **Poly(oxy-1,2-ethanediyl), .alpha.-undecyl-.omega.-hydroxy-, branched and linear**

**Biodegradability:** Material is readily biodegradable. Passes OECD test(s) for ready biodegradability.

10-day Window: Pass

**Biodegradation:** > 90 %

**Exposure time:** 28 d

**Method:** OECD Test Guideline 301E

**Alpha-undecyl-omega-hydroxypoly(oxy-1,2-ethanediyl), branched and linear**

**Biodegradability:** Material is readily biodegradable. Passes OECD test(s) for ready biodegradability.

10-day Window: Pass

**Biodegradation:** > 90 %

**Exposure time:** 28 d

**Method:** OECD Test Guideline 301E

**Propane-1,2-diol**

**Biodegradability:** Material is readily biodegradable. Passes OECD test(s) for ready biodegradability. Biodegradation may occur under anaerobic conditions (in the absence of oxygen).

10-day Window: Pass

**Biodegradation:** 81 %

**Exposure time:** 28 d

**Method:** OECD Test Guideline 301F or Equivalent

10-day Window: Not applicable

**Biodegradation:** 96 %

**Exposure time:** 64 d

**Method:** OECD Test Guideline 306 or Equivalent

**Theoretical Oxygen Demand:** 1.68 mg/mg

**Chemical Oxygen Demand:** 1.53 mg/mg

**Biological oxygen demand (BOD)**

| Incubation Time | BOD      |
|-----------------|----------|
| 5 d             | 69.000 % |
| 10 d            | 70.000 % |
| 20 d            | 86.000 % |

**Photodegradation**

**Atmospheric half-life:** 10 Hour

**Method:** Estimated.

**Bioaccumulative potential**

**Poly(oxy-1,2-ethanediyl), .alpha.-undecyl-.omega.-hydroxy-, branched and linear**

**Bioaccumulation:** No relevant data found.

**Alpha-undecyl-omega-hydroxypoly(oxy-1,2-ethanediyl), branched and linear**

**Bioaccumulation:** No relevant data found.

**Propane-1,2-diol**

**Bioaccumulation:** Bioconcentration potential is low (BCF < 100 or Log Pow < 3).

**Partition coefficient: n-octanol/water(log Pow):** -1.07 Measured

Bioconcentration factor (BCF): 0.09 Fish Estimated.

#### Mobility in soil

#### Poly(oxy-1,2-ethanediyl), .alpha.-undecyl-.omega.-hydroxy-, branched and linear

No relevant data found.

#### Alpha-undecyl-omega-hydroxypoly(oxy-1,2-ethanediyl), branched and linear

No relevant data found.

#### Propane-1,2-diol

Given its very low Henry's constant, volatilization from natural bodies of water or moist soil is not expected to be an important fate process.

Partition coefficient (Koc): < 1 Estimated.

---

### 13. DISPOSAL CONSIDERATIONS

---

**Disposal methods:** DO NOT DUMP INTO ANY SEWERS, ON THE GROUND, OR INTO ANY BODY OF WATER. All disposal practices must be in compliance with all Federal, State/Provincial and local laws and regulations. Regulations may vary in different locations. Waste characterizations and compliance with applicable laws are the responsibility of the waste generator. AS YOUR SUPPLIER, WE HAVE NO CONTROL OVER THE MANAGEMENT PRACTICES OR MANUFACTURING PROCESSES OF PARTIES HANDLING OR USING THIS MATERIAL. THE INFORMATION PRESENTED HERE PERTAINS ONLY TO THE PRODUCT AS SHIPPED IN ITS INTENDED CONDITION AS DESCRIBED IN SDS SECTION 1: Identified Uses. FOR UNUSED & UNCONTAMINATED PRODUCT, the preferred options include sending to a licensed, permitted: Incinerator or other thermal destruction device. For additional information, refer to: Handling & Storage Information, MSDS Section 7 Stability & Reactivity Information, MSDS Section 10 Regulatory Information, MSDS Section 15

**Treatment and disposal methods of used packaging:** Empty containers should be recycled or otherwise disposed of by an approved waste management facility. Waste characterizations and compliance with applicable laws are the responsibility of the waste generator. Do not re-use containers for any purpose.

---

### 14. TRANSPORT INFORMATION

---

#### DOT

Not regulated for transport

#### Classification for SEA transport (IMO-IMDG):

Not regulated for transport

Transport in bulk  
according to Annex I or II  
of MARPOL 73/78 and the  
IBC or IGC Code

Consult IMO regulations before transporting ocean bulk

#### Classification for AIR transport (IATA/ICAO):

Not regulated for transport

This information is not intended to convey all specific regulatory or operational requirements/information relating to this product. Transportation classifications may vary by container volume and may be influenced by regional or country variations in regulations. Additional transportation system information can be obtained through an authorized sales or customer service representative. It is the responsibility of the transporting organization to follow all applicable laws, regulations and rules relating to the transportation of the material.

---

## 15. REGULATORY INFORMATION

---

### **Superfund Amendments and Reauthorization Act of 1986 Title III (Emergency Planning and Community Right-to-Know Act of 1986) Sections 311 and 312**

Serious eye damage or eye irritation

### **Superfund Amendments and Reauthorization Act of 1986 Title III (Emergency Planning and Community Right-to-Know Act of 1986) Section 313**

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

### **Pennsylvania Right To Know**

The following chemicals are listed because of the additional requirements of Pennsylvania law:

| <b>Components</b>                                                                                      | <b>CASRN</b> |
|--------------------------------------------------------------------------------------------------------|--------------|
| Water                                                                                                  | 7732-18-5    |
| DiMe, Me(Aminoethylaminoisobutyl) Siloxane, rxn with Glycidoxo Siloxane and Glycidyl Ammonium Chloride | 853411-22-0  |
| Poly(oxy-1,2-ethanediyl), .alpha.-undecyl-.omega.-hydroxy-, branched and linear                        | 127036-24-2  |
| Alpha-undecyl-omega-hydroxypoly(oxy-1,2-ethanediyl), branched and linear                               | 127036-24-2  |
| Propane-1,2-diol                                                                                       | 57-55-6      |

### **California Prop. 65**

This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

### **United States TSCA Inventory (TSCA)**

The product is used in a food, drug or cosmetic application and is subject to the applicable regulation. The product may only be used in the exempt application.

**Information Source and References**

This SDS is prepared by Product Regulatory Services and Hazard Communications Groups from information supplied by internal references within our company.

THE DOW CHEMICAL COMPANY urges each customer or recipient of this (M)SDS to study it carefully and consult appropriate expertise, as necessary or appropriate, to become aware of and understand the data contained in this (M)SDS and any hazards associated with the product. The information herein is provided in good faith and believed to be accurate as of the effective date shown above. However, no warranty, express or implied, is given. Regulatory requirements are subject to change and may differ between various locations. It is the buyer's/user's responsibility to ensure that his activities comply with all federal, state, provincial or local laws. The information presented here pertains only to the product as shipped. Since conditions for use of the product are not under the control of the manufacturer, it is the buyer's/user's duty to determine the conditions necessary for the safe use of this product. Due to the proliferation of sources for information such as manufacturer-specific (M)SDSs, we are not and cannot be responsible for (M)SDSs obtained from any source other than ourselves. If you have obtained an (M)SDS from another source or if you are not sure that the (M)SDS you have is current, please contact us for the most current version.
