

# Safety Data Sheet

## FlexaTrac™-IDA-200

Version 1.2

Revision Date: 09/15/2023

### SECTION 1. PRODUCT AND COMPANY IDENTIFICATION

**Product name** : FlexaTrac™-IDA-200

#### Recommended use of the chemical and restrictions on use

Recommended use : industrial chemical

#### Supplier or Repackaging Details

**Company** : Univar Solutions USA, Inc.  
**Address** : 3075 Highland Pkwy Suite 200  
 Downers Grove, IL 60515  
 United States of America (USA)

**Manufactured By** : Ascend Performance Materials Inc.

#### Emergency telephone number:

Transport North America: CHEMTREC (1-800-424-9300)

CHEMTREC INTERNATIONAL Tel # 703-527-3887

**Additional Information:** : Responsible Party: Product Compliance Department  
 E-mail: SDSNA@univarsolutions.com  
 SDS Requests: 1-855-429-2661  
 Website: www.univarsolutions.com

### SECTION 2. HAZARDS IDENTIFICATION

#### GHS Classification

Corrosive to metals : Category 1

Skin irritation : Category 2

Serious eye damage : Category 1

Carcinogenicity : Category 2

Specific target organ toxicity  
 - single exposure : Category 3 (Respiratory system)

#### GHS label elements

Hazard pictograms :

Signal word : Danger

Hazard statements : H290 May be corrosive to metals.  
 H315 Causes skin irritation.  
 H318 Causes serious eye damage.  
 H335 May cause respiratory irritation.  
 H351 Suspected of causing cancer.

Precautionary statements : **Prevention:**  
 P201 Obtain special instructions before use.  
 P202 Do not handle until all safety precautions have been read and understood.

## Safety Data Sheet

### FlexaTrac™-IDA-200

Version 1.2

Revision Date: 09/15/2023

P234 Keep only in original container.  
 P261 Avoid breathing dust/ fume/ gas/ mist/ vapours/ spray.  
 P264 Wash skin thoroughly after handling.  
 P271 Use only outdoors or in a well-ventilated area.  
 P280 Wear protective gloves/ protective clothing/ eye protection/ face protection.

#### Response:

P302 + P352 IF ON SKIN: Wash with plenty of soap and water.  
 P304 + P340 + P312 IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER/ doctor if you feel unwell.

P305 + P351 + P338 + P310 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/ doctor.

P308 + P313 IF exposed or concerned: Get medical advice/ attention.

P332 + P313 If skin irritation occurs: Get medical advice/ attention.

P362 Take off contaminated clothing and wash before reuse.

P390 Absorb spillage to prevent material damage.

#### Storage:

P403 + P233 Store in a well-ventilated place. Keep container tightly closed.

P405 Store locked up.

P406 Store in corrosive resistant container with a resistant inner liner.

#### Disposal:

P501 Dispose of contents/ container to an approved waste disposal plant.

#### Other hazards

None known.

## SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

#### Hazardous components

| CAS-No.   | Chemical name                                       | Weight percent |
|-----------|-----------------------------------------------------|----------------|
| 928-72-3  | disodium iminodi(acetate)                           | 30 - 50        |
| 1310-73-2 | Sodium hydroxide                                    | 2 - 5          |
| 5064-31-3 | Glycine, N,N-bis(carboxymethyl)-, sodium salt (1:3) | 1 - 5          |

Actual concentration is withheld as a trade secret

Any Concentration shown as a range is due to batch variation.

## SECTION 4. FIRST AID MEASURES

General advice : Move out of dangerous area.  
 Consult a physician.  
 Show this safety data sheet to the doctor in attendance.

## Safety Data Sheet

### FlexaTrac™-IDA-200

Version 1.2

Revision Date: 09/15/2023

|                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| If inhaled              | <p>Do not leave the victim unattended.</p> <p>: If unconscious, place in recovery position and seek medical advice.</p> <p>If symptoms persist, call a physician.</p>                                                                                                                                                                                                                                                                                                      |
| In case of skin contact | <p>: Immediate medical treatment is necessary as untreated wounds from corrosion of the skin heal slowly and with difficulty.</p> <p>If on skin, rinse well with water.</p> <p>If on clothes, remove clothes.</p>                                                                                                                                                                                                                                                          |
| In case of eye contact  | <p>: Small amounts splashed into eyes can cause irreversible tissue damage and blindness.</p> <p>In the case of contact with eyes, rinse immediately with plenty of water and seek medical advice.</p> <p>Take victim immediately to hospital.</p> <p>Remove contact lenses.</p> <p>Protect unharmed eye.</p> <p>Keep eye wide open while rinsing.</p> <p>If eye irritation persists, consult a specialist.</p> <p>Continue rinsing eyes during transport to hospital.</p> |
| If swallowed            | <p>: Keep respiratory tract clear.</p> <p>Do not induce vomiting without medical advice.</p> <p>Do not give milk or alcoholic beverages.</p> <p>Never give anything by mouth to an unconscious person.</p> <p>If symptoms persist, call a physician.</p> <p>Take victim immediately to hospital.</p>                                                                                                                                                                       |

## SECTION 5. FIREFIGHTING MEASURES

|                                               |                                                                                                                                                                                                                                      |
|-----------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Suitable extinguishing media                  | <p>: Carbon dioxide (CO<sub>2</sub>)</p> <p>Foam</p> <p>Dry powder</p> <p>Water mist</p>                                                                                                                                             |
| Unsuitable extinguishing media                | <p>: High volume water jet</p>                                                                                                                                                                                                       |
| Specific hazards during fire-fighting         | <p>: Do not allow run-off from fire fighting to enter drains or water courses.</p>                                                                                                                                                   |
| Hazardous combustion products                 | <p>: Smoke</p> <p>Irritating fumes or substances may form.</p> <p>toxic fumes</p> <p>Nitrogen oxides (NO<sub>x</sub>)</p> <p>Carbon oxides</p> <p>Ammonia</p>                                                                        |
| Further information                           | <p>: Collect contaminated fire extinguishing water separately. This must not be discharged into drains.</p> <p>Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations.</p> |
| Special protective equipment for firefighters | <p>: Wear self-contained breathing apparatus for firefighting if necessary.</p>                                                                                                                                                      |

## SECTION 6. ACCIDENTAL RELEASE MEASURES

## Safety Data Sheet

### FlexaTrac™-IDA-200

Version 1.2

Revision Date: 09/15/2023

- Personal precautions, protective equipment and emergency procedures : Use personal protective equipment.
- Environmental precautions : Prevent product from entering drains.  
Prevent further leakage or spillage if safe to do so.  
If the product contaminates rivers and lakes or drains inform respective authorities.
- Methods and materials for containment and cleaning up : Neutralise with acid.  
Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust).  
Keep in suitable, closed containers for disposal.

## SECTION 7. HANDLING AND STORAGE

- Advice on protection against fire and explosion : Normal measures for preventive fire protection.
- Advice on safe handling : Do not breathe vapours/dust.  
Avoid contact with skin and eyes.  
For personal protection see section 8.  
Smoking, eating and drinking should be prohibited in the application area.  
To avoid spills during handling keep bottle on a metal tray.  
Dispose of rinse water in accordance with local and national regulations.
- Conditions for safe storage : Keep container tightly closed in a dry and well-ventilated place.  
Observe label precautions.  
Electrical installations / working materials must comply with the technological safety standards.

## SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### Components with workplace control parameters

| CAS-No.   | Components       | Value type<br>(Form of exposure) | Control parameters / Permissible concentration | Basis     |
|-----------|------------------|----------------------------------|------------------------------------------------|-----------|
| 1310-73-2 | Sodium hydroxide | C                                | 2 mg/m <sup>3</sup>                            | ACGIH     |
|           |                  | C                                | 2 mg/m <sup>3</sup>                            | NIOSH REL |
|           |                  | TWA                              | 2 mg/m <sup>3</sup>                            | OSHA Z-1  |
|           |                  | C                                | 2 mg/m <sup>3</sup>                            | OSHA P0   |
|           |                  | C                                | 2 mg/m <sup>3</sup>                            | CAL PEL   |

### Personal protective equipment

- Respiratory protection : General and local exhaust ventilation is recommended to maintain vapor exposures below recommended limits. Where concentrations are above recommended limits or are unknown, appropriate respiratory protection should be worn. Follow OSHA respirator regulations (29 CFR 1910.134) and use NIOSH/MSHA approved respirators. Protection provided

## Safety Data Sheet

### FlexaTrac™-IDA-200

Version 1.2

Revision Date: 09/15/2023

by air purifying respirators against exposure to any hazardous chemical is limited. Use a positive pressure air supplied respirator if there is any potential for uncontrolled release, exposure levels are unknown, or any other circumstance where air purifying respirators may not provide adequate protection.

#### Hand protection

|                          |   |                                                                                                                                             |
|--------------------------|---|---------------------------------------------------------------------------------------------------------------------------------------------|
| Remarks                  | : | The suitability for a specific workplace should be discussed with the producers of the protective gloves.                                   |
| Eye protection           | : | Eye wash bottle with pure water<br>Tightly fitting safety goggles<br>Wear face-shield and protective suit for abnormal processing problems. |
| Skin and body protection | : | Impervious clothing<br>Choose body protection according to the amount and concentration of the dangerous substance at the work place.       |
| Hygiene measures         | : | When using do not eat or drink.<br>When using do not smoke.<br>Wash hands before breaks and at the end of workday.                          |

## SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

|                                        |   |                          |
|----------------------------------------|---|--------------------------|
| Appearance                             | : | liquid                   |
| Colour                                 | : | colourless, light yellow |
| Odour                                  | : | No data available        |
| Odour Threshold                        | : | No data available        |
| pH                                     | : | 11.5 - 13.5              |
| Freezing Point                         | : | No data available        |
| Boiling Point                          | : | No data available        |
| Flash point                            | : | Not applicable           |
| Evaporation rate                       | : | No data available        |
| Flammability (solid, gas)              | : | No data available        |
| Upper explosion limit                  | : | No data available        |
| Lower explosion limit                  | : | No data available        |
| Vapour pressure                        | : | No data available        |
| Relative vapour density                | : | No data available        |
| Relative density                       | : | No data available        |
| Density                                | : | No data available        |
| Water solubility                       | : | No data available        |
| Solubility in other solvents           | : | No data available        |
| Partition coefficient: n-octanol/water | : | No data available        |
| Auto-ignition temperature              | : | No data available        |
| Thermal decomposition                  | : | No data available        |

## SECTION 10. STABILITY AND REACTIVITY

|            |   |                                                             |
|------------|---|-------------------------------------------------------------|
| Reactivity | : | No dangerous reaction known under conditions of normal use. |
|------------|---|-------------------------------------------------------------|

**SECTION 11. TOXICOLOGICAL INFORMATION****Acute toxicity****Product:**

Acute oral toxicity : Acute toxicity estimate: &gt; 5,000 mg/kg

**Components:****1310-73-2:**

Acute oral toxicity : LD50 (Rabbit): 325 mg/kg

**5064-31-3:**Acute oral toxicity : LD50 (Rat, male and female): 1,600 mg/kg  
Assessment: The component/mixture is toxic after single ingestion.**Skin corrosion/irritation****Components:****928-72-3:**

Result: Irritating to skin.

**1310-73-2:**

Species: Rabbit

Result: Causes severe burns.

**Serious eye damage/eye irritation****Components:****928-72-3:**

Result: Irritating to eyes.

**1310-73-2:**

Species: Rabbit

Result: Risk of serious damage to eyes.

**5064-31-3:**

Species: Rabbit

Result: Irritating to eyes.

**Safety Data Sheet**  
**FlexaTrac™-IDA-200**

Version 1.2

Revision Date: 09/15/2023

**Carcinogenicity****Components:****5064-31-3:**

Species: Rat, (male and female)

Application Route: Oral

Exposure time: 104 wks

Dose: 0, 9.2, 92, 921 mg/kg/d

LOAEL: 92 mg/kg body weight

Result: evidence of carcinogenic activity

Remarks: Category 2

Carcinogenicity - Assess-  
ment

: Suspected human carcinogens

**IARC**

Group 2B: Possibly carcinogenic to humans

5064-31-3

Glycine, N,N-  
bis(carboxymethyl)-, sodium salt  
(1:3)**OSHA**No component of this product present at levels greater than or  
equal to 0.1% is on OSHA's list of regulated carcinogens.**NTP**No component of this product present at levels greater than or  
equal to 0.1% is identified as a known or anticipated carcinogen  
by NTP.**Further information****Product:**

Remarks: No data available

---

**SECTION 12. ECOLOGICAL INFORMATION****Ecotoxicity****Components:****5064-31-3:**

Toxicity to algae

: EC50 (Desmodesmus subspicatus (green algae)): &gt; 91.5 mg/l

End point: Biomass

Exposure time: 72 h

Test Type: static test

**Persistence and degradability**

No data available

**Bioaccumulative potential**

No data available

## Safety Data Sheet

### FlexaTrac™-IDA-200

Version 1.2

Revision Date: 09/15/2023

#### Mobility in soil

No data available

#### Other adverse effects

##### Product:

Ozone-Depletion Potential : Regulation: 40 CFR Protection of Environment; Part 82 Protection of Stratospheric Ozone - CAA Section 602 Class I Substances  
Remarks: This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B).

Additional ecological information : No data available

## SECTION 13. DISPOSAL CONSIDERATIONS

#### Disposal methods

Waste from residues : Dispose of in accordance with all applicable local, state and federal regulations.  
For assistance with your waste management needs - including disposal, recycling and waste stream reduction, contact Univar Solutions ChemCare: 1-800-637-7922

Contaminated packaging : Empty remaining contents.  
Dispose of as unused product.  
Do not re-use empty containers.

## SECTION 14. TRANSPORT INFORMATION

#### **DOT (Department of Transportation):**

UN3267, CORROSIVE LIQUID, BASIC, ORGANIC, N.O.S., (DISODIUM IMINODI(ACETATE), SODIUM HYDROXIDE), 8, III

#### **IATA (International Air Transport Association):**

UN3267, CORROSIVE LIQUID, BASIC, ORGANIC, N.O.S., (DISODIUM IMINODI(ACETATE), SODIUM HYDROXIDE), 8, III

#### **IMDG (International Maritime Dangerous Goods):**

UN3267, CORROSIVE LIQUID, BASIC, ORGANIC, N.O.S., (DISODIUM IMINODI(ACETATE), SODIUM HYDROXIDE), 8, III

## SECTION 15. REGULATORY INFORMATION

#### EPCRA - Emergency Planning and Community Right-to-Know Act

##### CERCLA Reportable Quantity

| Components | CAS-No. | Component RQ (lbs) | Calculated product RQ (lbs) |
|------------|---------|--------------------|-----------------------------|
|------------|---------|--------------------|-----------------------------|

# Safety Data Sheet

## FlexaTrac™-IDA-200

Version 1.2

Revision Date: 09/15/2023

|                  |           |      |       |
|------------------|-----------|------|-------|
| Sodium hydroxide | 1310-73-2 | 1000 | 50000 |
|------------------|-----------|------|-------|

### SARA 304 Extremely Hazardous Substances Reportable Quantity

This material does not contain any components with a section 304 EHS RQ.

**SARA 311/312 Hazards** : Skin corrosion or irritation  
Serious eye damage or eye irritation

**SARA 302** : This material does not contain any components with a section 302 EHS TPQ.

**SARA 313** : The following components are subject to reporting levels established by SARA Title III, Section 313:

|           |                                                     |
|-----------|-----------------------------------------------------|
| 5064-31-3 | Glycine, N,N-bis(carboxymethyl)-, sodium salt (1:3) |
|-----------|-----------------------------------------------------|

### Clean Air Act

This product does not contain any hazardous air pollutants (HAP), as defined by the U.S. Clean Air Act Section 112 (40 CFR 61).

This product does not contain any chemicals listed under the U.S. Clean Air Act Section 112(r) for Accidental Release Prevention (40 CFR 68.130, Subpart F).

This product does not contain any chemicals listed under the U.S. Clean Air Act Section 111 SOCM I Intermediate or Final VOC's (40 CFR 60.489).

### Clean Water Act

The following Hazardous Substances are listed under the U.S. CleanWater Act, Section 311, Table 116.4A:

|           |                  |
|-----------|------------------|
| 1310-73-2 | Sodium hydroxide |
|-----------|------------------|

The following Hazardous Chemicals are listed under the U.S. CleanWater Act, Section 311, Table 117.3:

|           |                  |
|-----------|------------------|
| 1310-73-2 | Sodium hydroxide |
|-----------|------------------|

This product does not contain any toxic pollutants listed under the U.S. Clean Water Act Section 307

### Massachusetts Right To Know

|           |                                                     |
|-----------|-----------------------------------------------------|
| 1310-73-2 | Sodium hydroxide                                    |
| 5064-31-3 | Glycine, N,N-bis(carboxymethyl)-, sodium salt (1:3) |

### Pennsylvania Right To Know

|           |                           |
|-----------|---------------------------|
| 7732-18-5 | Water                     |
| 928-72-3  | disodium iminodi(acetate) |
| 1310-73-2 | Sodium hydroxide          |

**California Prop 65** : This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

### The components of this product are reported in the following inventories:

|       |                                                          |
|-------|----------------------------------------------------------|
| TSCA  | : On TSCA Inventory                                      |
| DSL   | : All components of this product are on the Canadian DSL |
| AICS  | : not determined                                         |
| NZIoC | : On the inventory, or in compliance with the inventory  |
